

CRL Elegant Series Square Custom Partition Posts

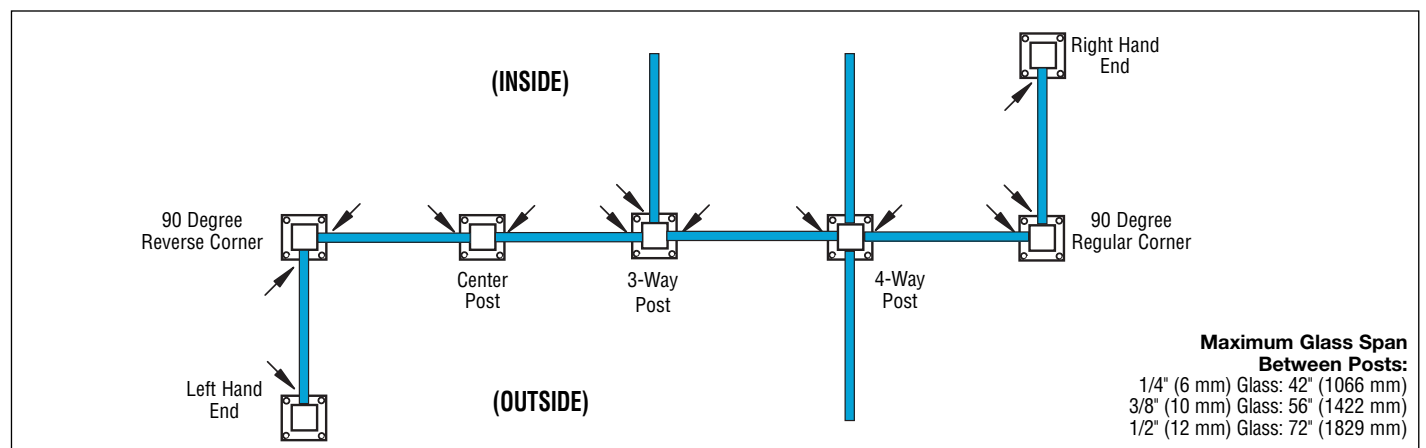

- 1-1/2" (38.1 mm) Square Tubing for Use with 1/4" (6 mm), 3/8" (10 mm), or 1/2" (12 mm) Glazing
- Heights of Posts Can Be Customized
- Available in Polished or Brushed Stainless Steel, or Powder Coated

In addition to our pre-fabricated posts CRL offers an extensive line of Custom Fabricated Posts made from 1-1/2" (38.1 mm) square tubing. Finishes include Brushed Stainless, Polished Stainless, and Powder Coated. Different glass attachments (U-Channel, Z-Clamps) in various glass thicknesses are available. A selection of Caps and Bases let you design posts to enhance your décor. A sequential Quote/Order Form is provided on the next page to assist in your selection.

Plan View of Divider Assembly Showing Post Placement

NOTE: For Z-Series Clamps, screws are typically located on the interior as shown by the arrows below.

Clean Post for Installation

Fabricating your own Partition Posts allows you to match existing jobsite conditions with no delay for delivery. By doing it yourself, you eliminate the fabrication, clean up, and packaging charges incurred with pre-fabricated partition posts. Most shops have the equipment needed to fabricate their own posts. Simple planning, fabricating, and assembly time is all that is required. Our Technical Sales Department is always there to help should you need assistance in planning your jobs.
